

20-30 Club Holds Lead In Local Basketball Loop

Wolverines Drop Games In
Weekend Play;
Here Next

The 20-30 Club made it 4-0 for the season last Thursday night as they dumped the American Legion team 52 to 35. After a close first half, that saw the score tied at 22 all, the 20-30 Club gathered steam and was in front 42 to 29 at the third quarter mark. Ken Gordon and Al Schell collected 15 and 13 points respectively for the winners. Al Wakefield led the Legion five with 18.

In the preliminary game, the Lions Club had to fight off a last quarter rally by the TelCos to win their initial game of the season, 45 to 44. Jim Brehler led the winners with 21 points, while Dale Freeland was high for the losers with 12.

In last Monday night's 7 o'clock opener, the St. Louis Cafe had little trouble with the Lions Club as the cafe men picked up their first win of the season by downing the Lions 55 to 29. Joe Copeland and Mike O'Rourke shared game scoring honors for the cafe team by hitting for 20 and 18 points respectively. Dave Kreidt was high man for the Lions with 15.

In the nightcap, the Donner Club stayed in a second tie in league standings by clouting the winless TelCos 41 to 38. Ray Dixon was top man for the Donner Club with 12 points. Dale Freeland, Tel-Cos center, was high for the night with 26 points.

Tonight at 7 p.m., the St. Louis Cafe will meet the Tel-Cos in the only league game scheduled. In the second game, the 20-30 Club will take on an all-star team picked from the City League. The Colfax Fireballs were scheduled to play here tonight, but due to team players leaving the area, they are unable to bring a team to Truckee at this time.

Team	W.	L.	Pct.
20-30 Club	4	0	1.000
Donner Club	3	1	.750
American Legion	3	1	.750
St. Louis Cafe	1	3	.250
Lions Club	1	3	.250
Tel-Cos	0	4	.000

The Tahoe-Truckee High School Wolverines lost two games over the weekend. Friday night the Douglas Tigers took the measure of the locals 67 to 30 in a Western Nevada Conference tilt. Saturday night the Wolverines dropped a tough one to the Loyalton Grizzlies of the Feather River League by 54 to 48.

The Douglas game was never in doubt as the red-hot Tigers started and led the Wolverines at halftime out hitting from all over the court by 31 to 14. The scoring for Tahoe-Continued On Back Page

Mrs. Welch Is Seated As Head Of Lodge At Truckee Meeting

Edith Welch was seated as M.E.C. at the January 21 installation ceremony of Summit Temple, No. 79, Pythian Sisters. Other officers for the coming year include Icalene Kohl, ex-junior; Velma Wakefield, ex-junior; Alice Spratt, manager; Pearl Heller, secretary; Donna Songer, treasurer; Ella Water, protector; Edith Pfandler, guard; Esther Young, musician.

Members of Donner Council, No. 13, Pythian Sunshine Girls, made the presentations also exemplified public drills. The degree team under the leadership of Michael Ellis was complimented by members and guests for the demonstration of an excellently executed drill.

The lodge will convene this evening at 8 p.m. for the regular meeting.

Theater Party Given For Charles Glenn

Mr. and Mrs. Wilbur Glenn entertained at a Donner Theater party on January 20 in honor of their son, Charles, who became 10 years of age. Gifts were opened and dessert enjoyed before Charles and the following school friends attended the show: Joaquin Marin, Joev Straub, Barry Leamon, and Terry Walker.

Mrs. Tollefson Hostess At Pink, Blue Shower

Mrs. Terry Tollefson was hostess at a pink and blue shower on Wednesday evening, honoring Mrs. James Souter, the affair taking place in the home of Mr. and Mrs. Glenn Miller. The fete guest opened her attractive gifts, with games occupying the guests before refreshments were served.

License Issued—
Thomas D. Jordan of Las Vegas, Nev., and Miss Sharon Reynolds of Truckee applied for a marriage license at Reno last week.

Newsham Leaving To Accept Sales Job With Company

Howard J. Newsham, manager of the Truckee office of the Pacific Telephone Company for the past two and a half years, is leaving tomorrow for San Francisco where he will enter the general sales office of the company in the specialized field of new equipment.

For the past few months Mr. and Mrs. Newsham and their daughter have resided at Kings Beach where she was manager of Goldcrest Lodge, a position which will be taken over by the Richard Laverys.

Newsham has been active in civic affairs and last year was president of the chamber of commerce. He will be greatly missed by his many friends throughout the area.

The manager has not been advised who his successor will be but for the time being Ralph Smith of Reno will have charge of the local district.

Although the Newshams will be missed, their friends will be pleased with his advancement in the company.

Precipitation Is Under Normal As January Proves Dry Month

Although precipitation in the Truckee area is less than one inch below normal for the season with a total to date of 13.01 inches, compared to a normal of 14.14 for the end of January, the month of January is nearly two and a half inches under normal.

Henry Toccalini of the U. S. Forest Service reports the .05 of an inch recorded during the past week brought the January total to 3.48 inches as compared to 5.88 normal for this month.

There is 28 inches of snow on the ground at the forest service station here.

Clear weather, with moderating temperature has featured the weather picture for the past week. A low of two above zero marked the coldest days last Thursday and Friday and a high of 45 on Monday.

The present forecast is continued fair weather.

Mrs. Summerfield Of Incline Expires Here

Mrs. Vivian R. Summerfield, 55, prominent resident of Incline at Lake Tahoe, expired here yesterday morning following a protracted illness.

The deceased was widely known throughout the area and was a patron of the Tahoe Forest Hospital, having made a number of noteworthy donations, including a valuable electro surgical unit.

One sister, Mrs. Ward Warner, lives in New York. The body is being shipped to that city by the Truckee Colonial Mortuary.

Child Finds Phonograph Needle Makes Bad Diet

Janett, four year old daughter of Mr. and Mrs. J. E. Brovies of Tahoe City, found that tasting a phonograph needle has its drawbacks when she was rushed to the Tahoe Forest Hospital Monday after swallowing one.

Under the direction of Dr. L. D. Nelson, the needle was traced through the digestive tract of the winsome little girl and following successful treatment she was dismissed the next day.

Fire Damages Dwelling; Family Away At Time

Fire starting from an overheated stove, according to Fire Chief N. F. Dolley, destroyed a portion of the Bettie Kennedy house on the south side of the Truckee river at 7 p.m. Sunday night. The house had been occupied by the Francis Calstin family, but no one was at home at the time. The department responded and kept the fire from spreading.

Moves to Goleta—
Mrs. Hazel Box recently moved from Santa Barbara to Goleta, Cal.

Utility District Is Asked To Start Bus Route Here

School Seeks Price On Land
To Erect Another
Building Here

The directors of the Truckee Public Utility District have taken under advisement a petition submitted by a group of Truckee and Donner Summit business firms asking that a shuttle bus service be established between Truckee and the winter sports area of the summit.

The petition, presented by Mrs. N. F. Dolley of Truckee Hotel, stressed the need for more parking space and other facilities to keep pace with the growing popularity of the summit region, and pointed out that such parking space and facilities can be made available in Truckee.

The document asked that the directors give consideration to establishing a bus service during the winter months. Manager C. Edmunds was asked by the directors to make a study of the matter and refer the petition to the district's legal representative and in the meantime to delay any definite action.

School Seeks Land

At the same meeting, held Tuesday, the officials of the Tahoe-Truckee Unified School District asked the utility district to give a price on 40 acres of land just east of the present high school plant, now owned by the district.

The school authorities indicated they desire the land for the purpose of constructing an elementary school to relieve the present overcrowded condition in the present building on Church street. The new structure, as previously announced by the school board, would be used to care for the fifth and sixth grades, thus providing ample room in the Church street building for the first four grades and kindergartens.

The district deferred action on this matter until its next spring meeting, but tentatively estimated the price for the land at \$35,000.

Weiner Roast Feature Of Tahoe Club Session

TAHOE CITY—More than 100 attended the regular meeting of the Squaw Valley-Lake Tahoe Ski Club held last Friday at Granlibakken and the affair was such an outstanding success and the group is anticipating a repeat.

The affair was featured by a weiner roast starting at 6 p.m. with a free night of skiing following.

Events Planned This Week At Sugar Bowl

NORDEN—The Sugar Bowl Ski Club championships will be held Saturday, January 29, on a giant slalom course suitable for all class and age groups entered. Manager Walter Haug announced.

The downhill of the Wengen Trophy will be staged at the Sugar Bowl Sunday with the following clubs entered: Viking, Alpineer, Sugar Bowl, Dodge Ridge, M. doesto. A field of around 70 contestants is expected at the starting line at 1 p.m. Awards will be made at 4 o'clock.

Nettell Recovering After Operation In Sacramento

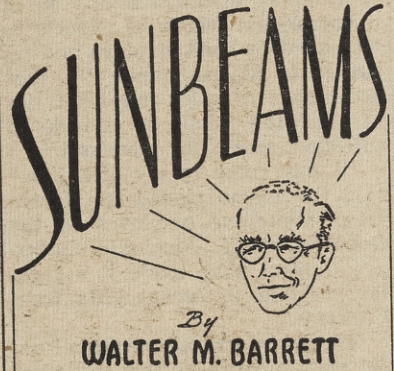

John E. Nettell, Nevada County recorder, who underwent surgery last Friday at Mercy Hospital, Sacramento, is reported as making a splendid recovery. Relatives were able to see the county official over the weekend and reported his spirits good and his physical condition excellent.

CAFE TO REOPEN

Mr. and Mrs. Tony Polyanich announced this week that they plan to reopen their California Cafe here on February 10 following new decorations and renovation of the popular eating place.

Out of Hospital—

Mrs. William Gautsche returned to her home following minor surgery last week at Tahoe Forest Hospital.

Your chamber of commerce has elected a complete corps of new officers, serving for the first time, with progressive, fresh ideas for promoting the best interests of the community. They can do a great deal to keep Truckee and the surrounding area on the map as a foremost recreational and industrial district, but in so doing they will need the full support of everyone interested. Soon a drive will be undertaken to recruit new members and re-enlist the old, and while this financial help naturally will go a long way in assisting the chamber, the moral support, with a boost for the community and the chamber, will do much more. Let's all get behind these new officers and put the chamber in the position it deserves where it can serve each of us better.

SPORTSMEN WILL DECIDE PROPOSED OFFER THURSDAY

Members of the Truckee Outdoor Sportsmen will discuss whether or not the club will take over the shooting privilege on the Joe Joerg ranch property just south of here during the deer season, when they meet at Capitol Hall Thursday, February 3rd at 7:30 p.m.

Joerg, who annually posts the property against trespassers during most of the hunting season, discussed the proposition with Charles Osburn, president of the sportsmen's club last fall. He said a group of San Francisco hunters was seeking privileges on the property but that he much preferred the local nimrods to take it over during the season.

Osburn today said he hoped to have complete details on Joerg's proposal by next Thursday and would then present a detailed plan. All interested sportsmen are urged to attend the meeting which will be concluded with the serving of refreshments.

Attention was also called to the meeting on February 17 when members of the state fish and game commission and other officials will be on hand to discuss the forthcoming planting of fish program for this area.

Osburn said he had been assured the plant this year will be increased but did not know to what extent. A large turnout is expected for this session as matters of vital importance to the area will be on the agenda.

Mrs. Copeland Feted At Shower By Friends

Mrs. Herbert Copeland was complimented at a stork shower Friday evening given by Mesdames Elizabeth Bavier, Vina Clepper, John Rablin, Earl Smith, in the home of the latter.

The pretty gifts were presented to the honoree after they had been placed in a large bootee shaped container, made by Mrs. Earl Smith Jr. Games and refreshments followed the party's theme. Those invited included Mesdames Charles Smith, Earl Smith, Jr., W. Fordham, Heslin Cardinal, Omar Alexander, Carl Rechdolt, Sr., A. Ghirard, Wayne Phillippi, A. E. Burlingham, Kenneth Faulkner, Stanley Richards, Irma Noflev, John Street, Francis Torri, Oscar Quam, Eve Hallett, William Curran, George Hahn, Don Pichard, Robert Rose, Hal Gilson, Norman Albee, A. L. Davidson, Joe Straub, Lennie Lacoe, W. A. Lovnd, Stanley Zware, E. L. Lovnd, L. D. Nelson, J. V. Coneland, I. Firpo, John McGlade, Bettv Triano, Robert Bick, Misses Eleanor Dominguez, Thelma Finger, Esther Harris, Lillian Erickson.

BREAKS KNEE

Mrs. Margaret O'Connor of Tahoe City has left the Tahoe Forest Hospital following treatment for a fractured right knee cap, suffered in a fall recently.

High School Ski Team Winner Of Meet In Nevada

Local Skiers Take Honors
Against Big Field
In Tourney

The Tahoe-Truckee Ski Team got off to a flying start Saturday, January 22 by making a clean sweep of the two-event Reno Invitational Ski Tournament at Reno Bowl on Slide Mountain.

The meet consisted of a mile-long Giant Slalom that saw many favorites in trouble, and a shorter, trickier Slalom event that was a close contest between Tahoe-Truckee and Leevining School. The Wolverines jumped off to an early lead by winning the Giant Slalom by a full minute and two seconds over a strong Reno team. The TNT squad then continued their good work in the Slalom event by exhibiting great teamwork in turning back a determined Leevining bid for honors.

The four scoring members of the local squad were Lewis Fellows, Ron Rau, Kit Schull and Gary Anderson. These boys were backed by two newcomers to this year's team, Fred Wofford and Bob Strickland. Dick Mandeville, a member of last year's squad was sidelined by a throat infection.

The team victory was made possible by the individual efforts of Fellow, Rau and Schull. In the Giant Slalom, Fellows was second, Schull fourth and Rau fifth. In the Slalom, Fellows walked away with the field to win, Rau was third and Schull garnered a fourth.

The next meet for the Wolverines comes up on February 5 at South Tahoe and will consist of cross country and jumping.

Team scores of the Reno Invitational are as follows:
1. Tahoe-Truckee624.4 seconds
2. Reno695.1 seconds
3. Leevining704.8 seconds
4. Bishop738.4 seconds
5. Placer927.2 seconds
6. Westwood964.1 seconds
7. South Tahoe1104.6 seconds

Child Injured As Two Auto Mishaps Here Reported By Patrol

Two minor automobile accidents, in one of which a six-year-old Truckee girl was injured slightly, were reported by the California Highway Patrol during the past week.

Charleen Robichaud, daughter of Mr. and Mrs. Francis Robichaud, was injured Monday morning at 9 a.m. at the intersection of Highway 89 and 40 when she was struck by a car driven by Miss Jean Thornton, also of Truckee. A snow bank beside the road prevented the driver from seeing the child, according to State Patrolman William Gautsche who investigated.

The girl was taken to Dr. Ben King who treated and then released her.

No one was hurt when cars driven by Edward J. Murphy, Stockton, and Lewis Dawson of San Francisco, collided just east of Farad Sunday shortly after noon. Patrolman Carroll Maynard cited Murphy who was attempting to pass another vehicle and did not see the oncoming Dawson car.

In South—

Mr. and Mrs. George Kaspian, accompanied by Richard Joseph and the latter's sister, Mrs. Roxie Archie, left yesterday on a motor trip which will take them to Mexico and other southern resort areas for a month's vacation.

Shares Date—
Richard Donis was honored this week at a birthday celebration shared by his classmates in the fifth grade, taught by Douglas Wilson.

Move to Mill Valley—
Mr. and Mrs. Lew Baysinger moved their household goods yesterday from Truckee to Mill Valley where they have leased a house.

Besio's Birth Date—
Angelo Besio celebrated his birth date on January 20.

Returns Home—

Mrs. J. R. Wolert has returned home after being a patient at the Tahoe Forest Hospital for the past several days. She will be confined to her bed for another ten days or so.

Carter Will Open New Buisness In Masonic Hall Here

George Carter, well known Truckee businessman and for the past several years partner in the operation of the St. Louis Cafe with Harold Welch, announced this week that he has leased the former Truckee Shoe Store in the Masonic building and will open a pool room, cigar store and small restaurant.

Work is underway at present remodeling the store but Carter was uncertain just when he would be ready to open.

Until a week ago the store was used by Shalley Brothers as a shoe repair business, but the operators left for Jacksonville, Fla., last week where they will resume business.

Welch has purchased the interests of his former partner, Carter, in the St. Louis Cafe which he is now operating by himself.

Carter said he is not certain as yet what type of restaurant he will install but apparently it will be an all-night establishment serving light lunches, soft drinks and similar attractions. There will be no liquor or beer sold in the building.

A new floor, partitions and decorating will comprise the present remodeling program, with members and officers of the Masonic Lodge, owners of the building, doing the work.

BENEFIT GAME TO MARK HALF TIME IN CITY CIRCUIT

The City Basketball League next Monday night will have reached its half mark in the current season as the first round of play comes to an end.

The games scheduled will see the Lions Club about to upset the powerful and undefeated 20-30 Club at 7 p.m. and in the second game the Donner Club and American Legion will be playing for second place.

The proceeds from the games will go to the March of Dimes and as the games promise to be among the best of the season a large crowd is anticipated. It will be an opportunity not only to see the City Leaguers in action but to benefit a worthy cause.

TRUCKEE MAN IS HELD ON CHARGES

Lloyd C. Payton, 26, resident of River Street, was arrested last night by Deputy Sheriff Roy F. Waters, Constable N. F. Dolley and Patrolman Carroll Maynard and charged with contributing to the delinquency of minors.

Waters said four teen agers were found in the Payton home drinking beer and playing cards. The juveniles are slated for a hearing today before Judge F. W. Wilson.

Family Has Second Car Mishap In This District

Sooner or later, the William Gan Gins of San Francisco will learn to respect the roads of this area which are sometime ice-coated and a bit hazardous in the winter.

Mrs. Gin is recovering in the Tahoe Forest Hospital from a severely lacerated leg and other injuries as the result of her second accident within five miles during a three week's period.

Shortly after Christmas she was an occupant in a car driven by her husband which skidded and overturned on the slippery road at the Flycasters. Fortunately no one was badly injured.

Then three weeks later the same car and same driver went off the bank at Hirschdale, demolishing the vehicle and sending Mrs. Gin to the hospital.

INJURES HEAD

Michael Wright, 9 year old Tahoe City boy, is recovering from a severe head injury suffered in a fall on the ice at the Tahoe Lake school this week. He is at the Tahoe Forest Hospital but Dr. L. D. Nelson said he may return home today.

Bills Introduced To Speed Work On Highway 40

Need For Four Lanes For
Highway Stressed
By Lawmakers

A set of bills authorizing federal participation in an all-year \$40,000,000 strategic trans-Sierra highway as a vital link in the defense transportation system was introduced today in congress.

Led by Senator Thomas H. Kuchel and Representative Clair Engle, California and Nevada members of congress started pressing for action on the legislation because of mounting need for the all-weather road connecting the San Francisco Bay area with the network of main highways east of the mountains.

The route for the proposed improvements is the present two-lane Highway 40, previously designated by the California State Highway Commission as part of the nation's Defense Highway System.

Bill Introduced

The measures calling for a federal expenditure of \$20,000,000 over a five-year period, matching funds with California already has pledged to put up were introduced in the senate by Senator Kuchel and in the house by Representative Engle. In the senate, co-sponsors of the bill were Senator William F. Knowland of California, and George W. Malone and Alan Bible of Nevada.

"The urgent need for a cross-mountain road of much greater capacity, for both national defense and normal transportation purposes, warrants enactment of such legislation," Senator Kuchel and Representative Engle declared in a joint statement.

"The Route 40 bills are entitled to special consideration because of the inadequacy of present mountain crossings, the existence of a great number of key defense installations in the region which would be served, the undeniable importance of more highway links between the interior of the country and the essential ports on San Francisco Bay, and the peculiar engineering and construction problems which must be solved.

Imperative to Defense

"Any doubt that such a project is imperative to national defense was demonstrated last summer by a simulated attack on the Oakland-San Francisco section of California. As a result of observations during 'Operation Alert,' military and civil defense authorities agreed that prompt steps should be taken to construct additional highway connections across the mountain. The critical need was demonstrated by the fact the existing highway was blocked for four hours as a result of traffic jams during what was only a practice.

"This road was made a part of the strategic highway system in 1947 and the army has been studying the requirements for improvements for the past year. According to the 1947 finding it should be brought to four-lane width the entire distance. This was concurred in the California Highway Commission.

Traffic Heavy

"The volume in the traffic now is nearly twice the present design capacity on some portions of the route. A recent check showed peak daily summer traffic over Donner Summit exceeded 6000 vehicles although safety engineers rated a mountainous section as having practical capacity of only 3000 vehicles per day."

The new highway, in which the California legislature authorized state participation in 1953, would run approximately 215 miles from Oakland to the California-Nevada line, a short distance east of Truckee and west of Reno. It would cross the Sierra Nevada mountains near Donner Summit, which has an elevation of 7315 feet.

The route, the western part of which has been and is being improved at present by the State of California, would go through or close to Richmond, Vallejo, Davis, Sacramento, Roseville, Auburn, and Colfax.

Much of the 109-mile western portion between Roseville and Oakland presently is a multi-lane expressway. The greatest deficiencies as far as capacity is concerned are on the 104 miles from Roseville east to the Nevada state line.

Potluck Supper For Eastern Star Planned

Truckee Chapter, No. 116, Order of the Eastern Star, members and their families will enjoy a potluck supper on Tuesday evening, February 1, with Gladys Anderson of Tahoe City in charge of arrangements.

Hilda Hintz and Dan Anderson will preside at the stated meeting for members only, to follow the 6:30 supper. Initiation into the order will be held as a part of the evening's activities.

**California, Nevada Agree
On Legislation To Make
Survey Of Border Water**

SACRAMENTO—Both California and Nevada have agreed on legislation creating an interstate compact commission to negotiate a settlement of water problems on Lake Tahoe and the Truckee, Carson and Walker rivers, Director of Public Works Frank B. Durkee said following a joint meeting of the California Committee on Interstate Cooperation and the Nevada Legislative Council in Sacramento.

At the request of the chairman of the meeting, State Engineer A. D. Edmonston outlined the need for a Nevada-California Interstate Compact Commission on interstate water problems, indicating that such problems include water rights, pollution control, potential future development and other problems affecting water usage vital to the continued orderly growth of the interstate areas involved.

All in Favor
Edmonston referred to correspondence between Gov. Goodwin

AFFAIRS OF STATE
by
Henry C. MacArthur

SACRAMENTO (CNS)—Indications that the new alcoholic beverage control administration has lost no time in cracking down on the whiskey-giving interests, and on whiskey-receiving state employees, is seen in an order issued by Malcolm E. Harris, acting director of the Department of Alcoholic Beverage Control.

Harris notified all employees of the former state board of equalization liquor administration, in a memorandum which he expects to be signed by each employee and returned to his personnel file, that acceptance of gifts and gratuities of any kind "shall be considered sufficient cause for dismissal."

"It has come to my attention," said the memo signed by Harris, "that numerous employees of the Department of Alcoholic Beverage Control have made it a regular practice to accept gifts from licensees."

"Please inform all personnel under your supervision that this practice must stop immediately. It shall be the policy of our department that no employee shall receive any gift or gratuity of any kind from any person who is licensed by the department, or any person or association acting on be-

half of such licensee."

Of course, issuing such an order is a lot easier than enforcing it, but on the other hand, the mere issuance tends to discourage purveyors of liquor from embarrassing employees of the board by offering bottle of whiskey just to keep on the good side of the liquor administration.

This has, according to Harris, been a common practice in the past, particularly during the holiday season, when free-flowing spirits contributed by liquor licensees added zest to many a party held by board employees.

And then there is the statement of Assemblyman Glenn Coolidge, of Santa Cruz County, to the effect that one board employee put the touch on a liquor licensee in that county for a case of whiskey. This matter is under investigation by Harris' office at the present time, and indications are some startling revelations will be turned up before the probes are through.

It has not been an uncommon practice through past years for individuals who profit from state purchases or other forms of state business, to "kick through" with gifts of various kinds.

This was brought to official attention of the state senate when hearings were held in the case of Alton R. Cummings, of Vacaville, fired by the state division of architecture shortly after he divulged the fact that contractors were making presents of whiskey and turkeys to supervisors and inspectors of state construction jobs.

In the past, instances of fancy parties given by large office equipment dealers, at which high officials in the state department of finance, and the state division of purchasing were feted, as well as high officials of other departments responsible for purchase of certain types of office equipment, were common knowledge in Sacramento.

It is only fair to say that the practice is diminishing somewhat, due to insistence of Gov. Goodwin Knight that state employees do not accept gratuities from persons who do business with the state. Of course, such gratuities can, and probably are, transferred in a more or less furtive manner, but at least, the practice is not as flagrant at the present time, as it has been in the past.

NEW SCHOOL
SACRAMENTO (CNS)—Alan G. Pattee, Salinas assemblyman, introduced a bill in the legislature creating a new four-year state college to be located in Santa Cruz County, Monterey County, or San Benito County.

SCHOOL BILL
SACRAMENTO (CNS)—Edward E. Elliott, Los Angeles assemblyman, has submitted legislation which would prohibit governing boards of school districts from restricting political activity of teachers.

NORTH TAHOE

By JUDGE HARRY CHARRISON

Happy birthday to you, happy birthday to you, happy birthday dear David, happy birthday to you. We are singing this for Dave Ashton, who celebrated his 40th birthday on Sunday last. Dave says he doesn't feel even twice the age.

Well, Rev. and Mrs. Covher were

back at church this Sunday morning, and everyone was glad to see them. They tell us they had a most delightful vacation in southern California. They visited the Sipples in Glendale, and went on as far as Tijuana, Mex., and San Diego and many other spots of very great interest. They celebrated their return to the church service by taking in as new members Mr. and Mrs. Thomas L. Quinn, and their daughter, Sharon Louise, who was baptized at the same time. Joellyn

Ashton sang the Lord's Prayer, and Rev. Covher's sermon was "Singing Against the Future." Twenty-three new members have been taken in since the pastorate of Rev. Covher. You can still donate toward the organ. Send to the minister or Bud Mandeville.

Was talking to Everett Campbell, our auditor, a few days ago. Many friends had an idea that Everett had left the area, but such is not the case. He is very much here, doing his work in his home at Kings Beach, and then is in his office in the Luce building in Reno for three days a week. I am also informed that Kay and Scotty Campbell were on an extended trip way down in old Kentucky visiting her folks. Kay reports a wonderful trip and enjoyed every minute with her folks.

Saw Bob Mercer a few days ago and he told me he would have some news for me pretty soon, but just wait says Bob, then I'll give you a real scoop. Wonder what it is?

Talk about spring weather this weekend, its just wonderful and makes one feel how fortunate to have the privilege of living at such a place. Why don't you summer residents become a winter one too?

Mrs. Price, mother of the Faulkners of Kings Beach, was a visitor the past few days. She and Mr. Price have been staying in San Diego.

Mrs. Fley Savoy, who donated a home to the V.F.W., must be very proud of the efforts of the organization which is running a March of Dimes at the Crystal Bay Club. Was up there a few days ago to watch the progress and dimes are slowly covering the counter at

the bar, which will soon have an all-silver top. As the dimes are put on the counter they are covered with scotch tape, and to January 19 there were approximately 2000 dimes collected. It will be interesting to see if the counter will hold them all, may have to start on the floor yet. Anyway its a great project and we congratulate the members of the V.F.W., led by Ray Plunkett.

An enthusiastic meeting of the Kings Beach P.T.A. was held at the Kings Beach School last weekend. One of the highlights of the evening was the presenting of eight pairs of skis and poles for the use of the elementary group. Walter Mandeville, president of the Lake Tahoe Lions Club, made the presentation in behalf of the group. Jack Felte led the Boy Scouts in a demonstration in the handiwork. Lee Madden also led a group in the art of artificial respiration. May Critchley was chairman.

Visited with the Lions of the Fourth District last week in Reno. Although not a delegate, I got in on all the excitement and trimmings that go with a convention of that size. No less than three thousand delegates and they had the time of their lives. There was hardly a store that didn't join the spirit of the occasion and every courtesy shown to one of the most orderly groups that ever convened in Reno.

It is very gratifying to hear that our old friend, Joe King, is coming along very well. They tell me he even got his nurse to guide him to the dining room of the Riverside Hotel last week. That's real progress and we pray for his hurried recovery.

Believe or not, but saw Jack

APPOINTMENTS

SACRAMENTO (CNS)—Appointment of George C. Faulkner, Novato, and Leo A. Vie, of Los Angeles, to the Industrial Accident Commission, has been announced by Gov. Goodwin J. Knight. Faulkner succeeds Dan Murphy, Jr., whose term has expired, and Vie succeeds Ernest R. Webb, recently appointed to the post of director of the state department of industrial relations.

and Ila Braden back at their home in Kings Beach just for a brief stay. He says the temperature is 20 degrees warmer than it is in Reno.

Do you know what? the fishing in the lake is excellent on the Nevada side which has fishing all year round. Walt Mandeville tells me there was quite a lot caught last week. Joe Delory caught five beauties. Let's get fishing all year round in our wonderful Lake, huh? Why sure.

Just came back from seeing Andy Sorensen, and I can tell you that that same guy looks pretty good, and by the time the doctor has finished with him he will be able to see almost as good as ever. We are all hoping for this anyway. Drop in and see him sometime. The days are pretty long as Andy is missing his favorite sport TV, and needs someone to argue with other than Alice.

Denile Rae, the new daughter of the Gary Rogers of Kings Beach, is the sweetest little girl, six and onehalf pounds. Mrs. Rogers is the sister of Charles Moore who is with the Tahoe Vista Garage. Gary is also working there. Congratulations to the mother and dad; that's three now.

Yes, for many reasons we believe Rev. Covher is right—this year has all the earmarks of a year of progress and all we have to do is do our part. After all its up to us to make it so. The M.Y.F. will resume activities next Monday, January 31. The adult choir will also resume practice on Friday, January 28 at 7:30 p.m. Come and try out that voice of yours. I'll bet its real good.

Joby Lewis has packed up and shipped his goods to Los Angeles for storage, and then on to Florida for a while, with the promise to see us again in the spring. We shall be mighty glad to see him.

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

January 26, 1955
To Whom It May Concern:
Subject to issuance of the license applied for, and commencing not less than 15 days after the date posted, notice is hereby given that the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Commercial Row, Truckee, Nevada County.
Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license of these premises as follows:

On-Sale Beer License
Anyone desiring to protest the issuance of such license may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages.

Tahoe-Truckee School District News

TRUCKEE ELEMENTARY
Kindergarten: At present we are devoting time to broadening concepts of the world around us.
Thursday we had a class poll and discussion on "What I Would Like to Do When I Grow Up." Some of those who stated a preferred career were: Karen Hedlund, Bruce King, Gary Waters, Lenny Vind, Judy Ann Wescoatt, John

Collier, Jeannie Gough, and Nicky Kenyon. Donny Whiteneck and Charles Collier want to be policemen.
Karen Frates celebrated her sixth birthday Friday.
Croxen's First Grade: Our class has begun a new unit in social studies. It is on pets. Eileen Olson is bringing a cage for the bird. Ricky Ralphs and Kevin Larrivee brought bowls for fish. We also hope to have a turtle in our room.
Bissett's First Grade: We made some illustrations of prehistoric homes. Debbie Ellis and Larry Dignesti drew tree dwellers and John Besio drew a picture of a cave dweller protecting himself against

wild animals.
Second Grade: We have been talking about the milkman as a community helper. In conjunction with this we have been studying about dairy farms. Gregory York, David Sorani, Salvador Cabrera, Terry McKurtis, Stanley Moore and Jimmy Roth told about their visits to farms.
Third Grade: The students are taking an imaginary trip by bus across the United States. Leilani Braasch and Dick Ingalls will be guides. On this trip we will study about people, places and things.
Fourth Grade: The class has been using the index in "Our California" to find the answer to how the people of California get their food. Those who have made their own reports are Janice Eaton, Mary Ann Miller, Shirley Guymer, Janice Roth, Gene McGihon, Joe Parkhurst, Michael Kenyon and Gary Brines.

Fifth Grade: In our work we are making maps, tracing routes of the pioneers, drawing scenes of early American life, doing research, and making reports on the people who played important parts in the westward development of our country. Many of the reports are already finished, including some excellent ones by J. C. Roberson, Terry Ellis, Kathleen York, Mike Armstrong, and Donna Gracik. Some fine illustrations were also made by Richard Donnis, Vickie Firpo and Mike Robichaud. In addition to these contributions, some of the students brought in pictures. David Ayala brought a school book which was published in pioneer times.
Sixth Grade: Last week we completed the last of Canada and Alaska after having heard some very fine reports from all the students on Alaska, Yukon Territory, the Northwest Territories. We wound up our study with a review discussion of the things we have learned about our northern neighbors and found that when the information was put together, it proved to be voluminous.

BAN ON BOOKS
SACRAMENTO (CNS)—Legislation has been offered in the assembly by Frank Bonelli, Huntington Park, which would ban sale of crime, sex or horror comic books in California.

TRINITY PROJECT
SACRAMENTO (CNS)—An assembly bill offered by Francis C. Lindsay, Placer County, would put the proposed Trinity river project back into the California water plan. Lindsay said the project is not included under present law. He added that its inclusion in the plan would be in no way affect the question of whether the federal government will build the project.

ditional amount of at least \$17.50 per M feet b. m. for ponderosa pine and \$3.90 per M feet b. m. for red and white fir, which additional amounts shall be subject to quarterly sliding scale adjustment upward or downward by 0.4 of the difference between the base index determined as set forth below and the average of the Western Pine Association lumber price indexes as calculated by the Forest Service at the end of each quarter. Such adjustment in the additional amounts for stumpage shall be applicable to timber cut and scaled during the calendar quarter for which the adjustment is computed. In no event, however, shall the adjusted stumpage rates be less than the basic appraised rates first stated above. The base index for this sale is the arithmetic average of the Western Pine Association lumber price indexes for the months of October, November, and December, 1951. In addition, the purchaser will be required to make deposits to cover the cost of hazard reduction work on this sale area at the rate of \$0.15 per M feet b. m. for all merchantable live or recently killed (sound sapwood) material scaled. In addition there is an unestimated merchantable volume of older dead (unsound sapwood) timber on the above described area, the removal of which will be required at the following rates: \$17.00 per M feet b. m. for ponderosa pine and \$3.00 per M feet b. m. for white fir and red fir. These rates will not be subject to quarterly calendar adjustment. \$500.00 must accompany each bid to be applied to the purchase price, refunded or retained in part as liquidated damages according to conditions of sale. The right to reject any and all bids reserved. Before bids are submitted, full information concerning the timber, the conditions of sale, and the submission of bids should be obtained from the Forest Supervisor, Nevada City, California, or the District Ranger, Sierraville, California.

DONNER TRAIL
This week in our science we talked about crystals that are formed in nature. From our collection we picked about 12 typical ones and mounted them on our mineral board for display.
Jack and Jay Graham brought two records for us to play in our spare time.
We saw two films this week. One was about the daily life of a passenger train and the other was about the early days in this state and Mexico.

NATIONAL FOREST TIMBER FOR SALE
Sealed bids will be received by the Forest Supervisor, United States Forest Service, Nevada City, California, up to and including 2:00 p. m., February 21, 1955, for all the live or recently killed (sound sapwood) timber marked or designated for cutting, located on an area embracing about 80 acres within Section 12, T 19 N, R 14 E, and Section 5, T 19 N, R 15 E, MDM, Tahoe National Forest, California, estimated to be 400 M feet b. m., more or less of ponderosa pine, white fir and red fir. The appraised value of this timber according to long term normal market and operating conditions is \$17.50 per M feet b. m. for ponderosa pine and \$3.00 per M feet b. m. for white fir and red fir. No bid will be considered which is less than these rates as a base rate applicable to the entire period of the sale agreement, plus an ad-

WHAT'S DOING
H. J. Newsham, your Telephone Manager in Truckee
Left-over wire gets new lease on life
In the telephone business, we call the wire that leads from your telephone at home to the pole outside a "drop" wire. Maybe you've seen some of our men putting up drop wires around town. If you have, you probably noticed that a few short pieces were left over on some of the jobs. Now, these odds and ends of wire weren't of much use until recently. It was too costly to splice them together. But now an economical way has been found to join drop-wire scraps into long, continuous pieces which can be put to work. Naturally, this is a big cost-cutter... one that helps us as we work to keep down the prices you pay for service. Pacific Telephone works to make your telephone a bigger value every day.

Home's never very far away by telephone
Just because Dad's out of town on business, he needn't be out of personal touch with the rest of the family. In just moments, you can all be together again—visiting, laughing, trading the latest news. For even when you're far away, home's as near as the closest telephone. And a visit by long distance is almost like being there in person. It costs so little, too. You can make a three-minute "station" call clear across the country, after 6 p. m. weekdays and all day Sunday, for only \$2.00 (plus tax). And of course, rates for shorter distances are even less. So let long distance keep you in close touch with your family and friends. It's a pleasure you can hardly afford to miss.

SOMETHING NEW
On our 1954 Lake Tahoe Directory you have probably noticed the picture of Emerald Bay, whose crystal green waters are joined to those of Lake Tahoe by a deep narrow channel. It is today one of the most beautiful scenic spots in America. We are attempting to reflect locations familiar to our users or other Directories. But our picture of Emerald Bay cannot be surpassed for beauty or location anywhere in the world.

Lindsay Bill Would Set Up New Water Group

SACRAMENTO (CNS)—Francis C. Lindsay, Placer County, has introduced a bill in the assembly which would set up a new state department of water resources under one director.

The bill would abolish the Water Project Authority. It would establish the present water re-

sources board as the policy-making body for the new department.

Lindsay said the bill would allow the state reclamation board, the Colorado river board, and the regional water pollution control boards to function as they now do.

The proposed measure also would retain the attorney general as the department's legal counsel, although the new department would have a legal staff of its own.

Lindsay, who claimed 20 co-authors on the bill, said the proposal was drafted to meet objections of several agencies which did not want to surrender their powers to a new water department.

Colombia's coal deposits are the largest known in South America.

LINDSAY IS GIVEN CHAIRMAN POSITION

SACRAMENTO —Assemblyman Francis C. Lindsay of Loomis was named chairman of the committee on conservation, planning and public works in the lower house of the state legislature by Speaker L. H. (Abe) Lincoln, in a reshuffle of committee appointments during the second week of the 1955 session.

Lindsay also was named to serve on other important committees in the assembly, including: agriculture, fish and game, and transportation and commerce.

Bill Would Remove Smear From Elections

SACRAMENTO (CNS)—A bill introduced in the assembly was seen today as an effort to take the "smear" out of California elections. The bill, by Frank Luckel of San Diego, would require election officials of use quick drying ink in polling booth stamp pads.

Luckel said many ballots in past state elections have been thrown out because voters' X's were smeared.

Cost Of County's Tax Share Given In Report

Cost to Nevada County taxpayers for the \$62,408,000,000 federal spending proposal for fiscal 1956, submitted to congress by the president on January 17, will reach \$9,200,000, California Taxpayers' association estimated today.

For the people of California as a whole, cost of the federal spending proposal for this coming fiscal year will reach \$5,800,000.

India and Brazil are the largest producers of sheet muscovite mica.

WATER CONFERENCE APPROVES COMPACT

The Lake Tahoe Interstate Water Conference committee is on record as calling for a compact between the United States and the states of Nevada and California as the proper approach to solving the problems created by regulation of lake levels.

The committee composed of three Nevada and three California members met in Sacramento this week with A. M. Barton, chief engineer of the state reclamation board, presiding as chairman. Barton, following the meeting, addressed a memorandum to the joint conference of the Nevada Legislative Council and the California Commission on Interstate Cooperation endorsing such a compact.

The Lake Tahoe Interstate Water Conference committee was created in 1931 and Barton has served continuously as chairman.

"Briefly, the major problem confronting the littoral owners on the Lake Tahoe shoreline is relief from damage created by high lake elevations," the report said. "Remedial measures to obliterate losses resulting from excessive flood runoff on the Truckee river, which is the Tahoe outlet stream, is of particular interest to the citizens of Reno and landowners in the adjacent Truckee Meadows area."

The committee was instrumental in bringing about an agreement in 1937 relating to water withdrawals and storage and which fixed the low level on the natural rim of the lake at an elevation of 6223 and the high at 6,229.1 feet. Parties to the agreement are the federal government, Truckee-Carson Irrigation District, Washoe County Water Conservation District and the Sierra-Pacific Power Company.

"It should be noted that neither the states of California and Nevada, nor the littoral owners of property riparian to Lake Tahoe, are parties to this agreement," Barton said.

DIVIDE REVENUE

SACRAMENTO (CNS)—A bill dividing future tidelands oil revenue among five state agencies has been introduced in the assembly. The author, Francis C. Lindsay, Placer county, said 67 1/2 per cent would go to the division of beaches and parks, 15 per cent to the fish and game department, 10 per cent to the state soil conservation commission, 5 per cent to the division of forestry, and 2 1/2 per cent to the division of mines.

ROBICHAUD NOTARY

SACRAMENTO (CNS)—The secretary of state's office has announced issuance of a notary public commission to F. W. Robichaud, attorney, Truckee.

CHIMNEY FIRE

The Truckee Volunteer Fire Department responded promptly last evening to a call from the home of Mr. and Mrs. Al Wakefield where a chimney fire threatened the building.

Your Chamber Of Commerce

From the President's Desk

A new year has just rolled around and I find myself in the honored position of president of our official organization, the Truckee Chamber of Commerce. I'm still a little dizzy and definitely a green hand on the job as yet, but I wish to thank everyone for the confidence and trust shown in me and I will try to give you a very active chamber in the coming months. It is my feeling that everyone should take an active part in promoting this wonderful area of ours. The chamber of commerce will have one public meeting a month, and I would like to invite everyone in our community to participate. If anyone has any idea or criticism on ways of bettering our immediate area I would like to hear them. If you cannot attend our meetings, drop me a line, as I would like to hear your suggestions.

A big bouquet and our thanks for a job well done goes to Frank Fox and Ken Fuday and all the boys at our state highway maintenance station for the very fine job of cleaning up our streets the other day. I would like to thank everyone for their prompt cooperation in having the streets cleared of cars so the fellows could work unhindered.

The prompt action of the state highway department on our petition to have state Route 89 opened to all-year traffic is to be commended. To the state and all of you signers go our thanks.

I am also very happy to announce that the new offices in Hotel Truckee of the chamber are now open and functioning. We are maintaining an around the clock information service available to all visitors.

It is my intention by means of the weekly column to keep everyone informed of the doings of your chamber of commerce as they happen. See you all next week.

—Hal Welch

CUB SCOUT NEWS

Cub Scout Dens 2 and 3 and their den mothers, Mrs. James Walker and Mrs. D. L. McGilhon visited the Southern Pacific Railroad Round House on Tuesday afternoon completing the month's study on railroading.

Earl Stice showed the group around the company property explaining the equipment, including the rotary, spreader and diesel engine. The boys thanked Stice following informative talk.

Members of the Cub Scout planning committee, including mothers of the local dens, conferred on January 19 with William Dorsey of Auburn in the home of Mr. and Mrs. James Walker.

A well planned pack meeting under the leadership of Douglas Wilson was enjoyed on Tuesday evening by Cub Scouts and their parents.

Quinton Kay and Gene Miller, who graduated in inoheshrdlolo who graduated into the Boy Scouts were given a special send-off with a symbolic candlelight ceremony.

CHURCH NEWS

Rev. Osman of the Truckee Community Methodist Church announces that he will deal with prayer in his sermon Sunday when he speaks on "When You Pray." The choir will sing "Beautiful Savior" at the service.

The choir director, Victor McLane, announces that the practice for the church's Maundy Thursday service during Holy Week will begin now. Music for Easter morning will also be the center of attention for the choir. Choir practice begins at 7:45 each Thursday evening.

TAHOE SKIERS WIN HONORS IN RECENT COMPETITIVE MEETS

TAHOE CITY—Youthful skiers of the Squaw Valley-Lake Tahoe Ski Club have been making good marks in the various meets in which they have recently participated.

In the downhill and slalom junior events at Dodge Ridge January 15 and 16, Jimmy Heuga took first place in the two events and the combined with the boys class three, while Trent Giannini took first in the slalom, first in the combined and was second in the downhill in class four with Gary Henry fourth in the downhill in class four.

In the boys' Class 1, Gary Anderson was third in the downhill and in Class 2, Kit Schull of Soda Springs, took first in the slalom and combined and second in downhill while in the same class Ronnie Rau of Donner Ski Ranch copped second in both the slalom and combined and third in the downhill. Rex Donaldson was third in both slalom and combined and fourth in downhill.

Sonia McCackie was second in the girls' Class 2 slalom and Lilly Cushing was first in Class 4 in all three events.

In the junior giant slalom at Slide Mountain on Sunday, winners included Kit Shull, third in Class 2, Jimmie Heuga, first in Class 3, Trent Giannini, first in Class 4 and Billy Gorham, third in Class 4. For the girls Lilly Cushing was third in Class 4 and Bith Rustad, first in Class 5. Also attending were Rex Donaldson, Sonia McCackie, John Gorham, Greg Moore and Kenny Wilson, all of the Tahoe club and Ronnie Rau of Donner.

Maynard Speaker At Meeting Of Rotary Club

Carroll Maynard spoke before the Rotary Club members at the dinner meeting held Monday in Brown's Cafe. He gave an informative talk on the requirements of training and the physical and educational qualifications for the California Highway Patrol Academy.

Alvah Hooper presided and visitors were John Edge and Clay Diltz.

Mr. and Mrs. Lauren Russell vacationed in southern California last week.

Card Of Thanks
We are very thankful for the quick response and action of the members of the Truckee Volunteer Fire Department at our home on Wednesday.

Mr. and Mrs. Al Wakefield.

Sunday evening at 6:30 the Methodist Youth Fellowship will continue its series on "Understanding Ourselves." Vicky McKurtis and Diane McCrindle are on worship and Glenda Lakey and Vicky McKurtis on refreshments.

Jim Baker Winner Of Squaw Valley Meet

TAHOE CITY—Jim Baker, a Squaw Valley ski instructor racing in the open class Sunday won the Squaw Valley sixth annual birthday slalom from a star-studded field which included three potential Olympic team members.

Baker had a combined time of 151.5 second for two runs, his swiftest being made in 74.1.

Next best times were marked up by Dennis Osborne, Mammoth Mountain Ski Club; Kenny Lloyd, Reno and Lewis Fellows, Squaw Valley-Lake Tahoe Ski Club—the Olympic hopefuls.

Other winners in the open class included Bill Briner of Squaw-Tahoe, Jim Nichols, Sugar Bowl and Gordon Butterfield, Squaw-Tahoe.

In the Class A event winners included Lewis Fellows, of Squaw-Tahoe; Rusty Frodenberg, Squaw-Tahoe; Billy Campbell of Truckee did not finish.

Class B winners included Norm Saylor and H. K. Anderes, both of Truckee.

Babette Hauelsen of Sugar Bowl was winner of the women's Class A event and Carolyn Carpenter of Sugar Bowl won the women's Class B event.

BASKETBALL

Continued from Page One

The Saturday night tilt was a tight affair for the first half, with the host Grizzlies leading 11 to 7 and 29 to 24 at the end of the first two periods of play. In the third quarter the home club broke the game open against the pressing Wolverine defense and at the end of the period it was Loyalton 41, Tahoe-Truckee 28.

The Wolverines fought back in the final period, but were never able to make up the difference of that third quarter. The final score read Loyalton 54, Tahoe-Truckee 46. Jack Van Hooser led the scoring for the Tahoe-Truckee squad with 13 points, followed closely by Doug Wilson with 12.

The Tahoe-Truckee Junior Varsity split in their weekend-series, handing the Douglas Juniors an

JOIN THE MARCH OF DIMES

Truckee was led by Clayton Spinning who counted 9 points for the game.

easy 28 to 41 defeat, but losing to a good Loyalton B team, 35 to 47. Everyone got into the scoring art Friday night, with the reserves playing about half of the game. Ken Vaughan was high for the evening with 13 points and Jim Allen followed with 12.

In Saturday night's game with Loyalton, the Cubs could never get organized against the loose zone defense of the Grizzlies and trailed throughout the game. Floyd Cooper was high point man for the Cubs with 7 points, with Vaughan and Allen getting 6 each.

Friday night will find the Wolverines and Cubs hosting the Carson City squads in conference games at Truckee, while on Saturday night the local basketballers travel to Lovelock for conference tilts with the Mustangs of Pershing County High School.
